## Structure

The BGWLL Fall Ball Program will be divided into two (2) divisions: "Majors" and "Minors".

## Purpose

Fall Ball is intended to be developmental in nature and scope. Emphasis should be on providing an environment with the focus on instruction, development and opportunity for everyone to develop in anticipation of the spring season.

**Season:** Each team will be scheduled 10 games starting in August and ending the first week of September. There will not be any make up games due to weather.

**Cost:** The cost is \$75 per player.

## Team Selection

There are no try-outs for Fall Ball. Team Manager/Coach must fill out an application the day of registration to be considered. Each Team Manager can reserve their child and the remaining team members will be filled via the draft, which will occur at the end of July.
